

Исх. № 867/08
от 16 сентября 2008 года

Mr A. Rudenko
Chairman of the Organising Committee
Eurasian Energy Summit

Dear Mr Rudenko,

Co-operation in the energy industry plays an important role in the area of trade and economic co-operation of our organization.

Efficient use of the existing energy potential and implementation of the SCO countries' initiatives in this sector are on the agendas of relevant ministries and agencies responsible for the fuel and energy industry.

We believe the Eurasian Energy Summit, taking place in Shenzhen on 9-12 December 2008, will be an important forum for discussion of a wide range of questions relating to energy co-operation, including the SCO initiatives.

In the opinion of the Secretariat of the Shanghai Cooperation Organization, development of the Sino-Russo-Kazakh Oil and Gas Forum into the Eurasian Energy Summit will provide all interested parties from our member-states, observers and partners with an excellent opportunity to work together on important issues.

The SCO Secretariat would like to express sincere gratitude for the invitation to attend the Summit in Shenzhen.

Yours sincerely,

Secretary-General
of the Shanghai Cooperation Organisation

B. Nurgaliev
